The **BEACH HAVEN BREAKER**

HAPPY NOVEMBER!

Happy November!

Last month, we had the opportunity to celebrate the NJ Department of Education's "Week of Respect" and "School Violence Awareness" week. These 2 weeks specifically reminded students to be an upstander, be kind, and be respectful.

October was another busy month. Dr. Cecchini and I completed a peer school visit at Berlin Community School in Camden County. Their 21st century "Collaboratory" focused and encouraged students to collaborate, communicate, and problem solve. This will be our approach of our relaunched G&T program. On Tuesday, October 15th, 8 staff members took part in CPR training. This was organized by Mrs. Altman to ensure our Emergency Response Team received the necessary training. Finally, we concluded October with our annual Halloween celebration.

As you know by now, we are committed to "promising every student a future!"

November is the month of

Cooperation

Educational Focus

The first break is a few weeks away and while students and staff will get a well-deserved break from the classroom, it doesn't mean children need to stop learning.

Take the opportunity to play a board game with your family. Board games will give your child's brain a boost, improve their social and emotional skills, increase their fine motor skills, and strengthen your family bond.

One bench = 250 pounds of caps!

The Beach Haven Elementary School is collecting plastic caps and lids to create a Buddy Bench. This project has been spearheaded by Bev Tromm and Patrice Pottichen.

A Buddy Bench is a way to ensure that every child has a playmate, a simple and friendly way children can connect with one another during recess. If they need a playmate, they sit on the bench, someone sees them, and goes to them.

Caps can be dropped off at the school.
